INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the bicentennial commemorative edition of the Rockingham City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city and suburban Directories).

Confidence in the growth of Rockingham and Hamlet's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Rockingham and Hamlet to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Rockingham and Hamlet City Directory will fulfill its mission as a source of authentic information pertaining to the communities.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the communities, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Rockingham and Hamlet, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occu-

853744

pation and address of each adult resident of Rockingham and Hamlet, and the name, official personnel, nature and address of each firm and corporation in the communities. A special feature of this section is the listing of telephone numbers.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper. This publication also contains a Richmond County Rural Residents Directory printed on white paper immediately following the Numerical Telephone Directory.

Community Publicity

The Directory reflects the achievements and ambitions of the communities, depicting in unbiased terms what they have to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Rockingham, Hamlet and vicinity.

The Rockingham and Hamlet Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Rockingham and Hamlet City Directory, Directory Libraries are maintained in the offices of the Rockingham Chamber of Commerce, and the Hamlet Chamber of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it bring a commensurate return.

JAMES E. HOLSHOUSER, JR
GOVERNOR

STATE OF NORTH CAROLINA
GOVERNOR'S OFFICE
RALEIGH 27611

Fellow North Carolinians:

During this Bicentennial era we can proudly look back on our rich heritage and reflect on the sacrifices that our courageous forefathers made to establish a free nation. North Carolina's "First in Freedom" slogan reminds us of the bold men and women of 1776 who challenged the most powerful nation on earth to decide their own destiny and that of their country.

North Carolina was the first colony to instruct its delegates to the Continental Congress to "concur" in independence. North Carolinians suffered through the winter at Valley Forge and fought and bled at such battles as Moore's Creek, King's Mountain, and Guilford Court House. But most importantly, North Carolinians stood for freedom and the protection of rights, as was demonstrated by their refusal to ratify the Federal Constitution until a Bill of Rights was guaranteed.

Today we are still striving to make "First in Freedom" a reality in North Carolina and in the nation. The community spirit of '76, exemplified in our Bicentennial, offers us a unique opportunity to commemorate our past accomplishments while building for a better future. It is a proud and vital legacy we perpetuate, and a duty we dare not shirk.

Sincerely,

James E. Holshouser, Jr.

GENERAL REVIEW

The County of Richmond was cut out of Anson County and formed November 10, 1779. It was named in honor of Charles Lennox, the Duke of Richmond. There was no town in the new county and the first court was held 3½ miles west of the present town of Rockingham. Then on June 2, 1784, the North Carolina Assembly in session at Hillsboro passed an act establishing the town of Rockingham. The new town was named after the Marquess of Rockingham, Charles Watson-Wentworth. Marquess of Rockingham was a recognized head of the liberal wing of the Whig Party in 1764. In late 1765, the Marquess became Prime Minister of England. It was because of his sympathies with colonies that the town was named Rockingham.

Rockingham, the County Seat of Richmond County, is located on the edge of the Sandhills region of the state. It is 75 miles east of Charlotte on U. S. Highway 74, 13 miles north of the South Carolina border and is 100 miles south of the state capital of Raleigh on U. S. Highway 1. Since the beginning of our nation, Rockingham and Richmond County have been leaders in the textile industry. In the past few years other industries have grown with the textiles: paper products, hosiery mills, furniture plants, food processing plants and foundries. Agriculture also plays a large part in the economy of Richmond County and Rockingham. There are 105,000 acres under cultivation with 1,542 farm families, with a farm income of $14,298,301 for 1971. The major products on the farms in Richmond County today: turkeys, broiler chickens, egg production, beef cattle, hogs. Crops grown: corn, cotton, tobacco, watermelon and hay crops for livestock feed. The Sandhill area is a prime peach producing area. Last year over 340,000 bushels were produced and shipped fresh.

Recreational facilities in Rockingham and Richmond County are excellent. Rockingham has two parks with swimming pools and tennis courts. The town of Hamlet, 6 miles distance, has two parks with a large public lake. The Richmond Pines Country Club has an excellent 18-hole golf course of 6,200 yards par 72. Richmond County has excellent hunting and fishing facilities with McKinney National Fish Hatchery of 514 acres, and the North Carolina Sandhill Wildlife Management Area of 57,000 acres with 10 fishing lakes. Deer, dove and quail hunts are permitted throughout the hunting season. The National Bird Dog Field trails are held at the Sandhill Wildlife Management Area from October 4 through April 1st. In 1965, the North Carolina Motor Speedway was completed. This speedway has seating for 50,000 people with a 1 mile paved track. There are two NASCAR races each year, one held in the Spring, and the other in the Fall. The Rockingham International Dragway was completed in September, 1969. There are two races sanctioned by the American Hot Rod Association held each year, one in April, and the other in September. This one-mile strip

has paved pit and staging area for all participants. Rockingham is located only 30 miles south of the famous Winter resort of Pinehurst and Southern Pines, North Carolina with many beautiful golf courses.

Rockingham has always had the distinction of being a retail trading center. The retail area is approximately 75 miles in diameter and the population in the trading area is 100,000. Retail sales in Richmond County in 1975 were $101,412,594. The retail sales in Rockingham for 1975 were $65,128,880. Rockingham has a sales activity index of 393, a quality index of 193.

The Greater Rockingham area has 22 churches within a 5 mile radious of the center of Rockingham, encompassing 10 denominations. There are 17 civic clubs and organizations active in the Greater Rockingham area. These churches and civic clubs play an active part in the civic development of the community.

The future is indeed bright for the development of Rockingham and Richmond County. Among the programs and projects scheduled in the next few years are: (1) the westside Urban Redevelopment, this program encompasses 74 acres just off the main business district of Rockingham. It is envisioned that the 74 acres will be filled with new business and service establishments and light industries. More than doubling the size of the downtown shopping area. At the present time, over 80%o of the land has been sold and developed. (2) The formation by the Richmond County of an Industrial Development Commission and the hiring of a Director of this commission. The Greater Rockingham area has always been an industrial area and the fine calibre of workers found in this region as well as excellent sites should bring about great expansion of our present industries, and an influx of new industries within the next few years. (3) The Richmond Technical Institute Building was completed in 1967. Already the programs put on by this Technical Institute have been of great value to the area. (4) Three units of public housing have already been completed and applications have been made for more housing units. (5) The relocation and 4 laneing of U. S. Highway 220 should have a tremendous impact on this area. Plans are also in the making to relocate and expand U. S. 74. Reigal Paper Corporation has established an industrial park of some 1500 acres that will contain approximately 30 sites for industry location.

Rockingham welcomes industry, business and new residents. The Rockingham Chamber Of Commerce and Merchants Association will be happy to supply anyone with information concerning Rockingham and Richmond County. Write Rockingham Chamber Of Commerce & Merchants Association, Inc., P. O. Box 86, Rockingham, North Carolina.

History

Nestled deep in the North Carolina Sandhills, Hamlet was founded and began its growth in the late 1800's when an Englishman named John Shortridge established a woolen mill to make yarn and cloth for men's clothing. A few years later, a foundry was established near the woolen mill and was operated for several years by Shortridge and his four sons. A railroad was being built from Raleigh to Augusta, Ga., and it was through the influence of this early settler that the track was laid through Hamlet. This influence was destined to shape the future of the small village, resting peacefully in the heart of the "land of the longleaf pine." With the Seaboard Air Line Railroad, Hamlet has grown into a thriving progressive town of more than 9,000 residents. A perfect climate has attracted many, and railroad facilities have brought numerous business enterprises to Hamlet. The town prides itself on its abundance of natural resources, its community spirit and the greatest of all its assets-its people.

Out of Sight--Out of Mind
☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

The Personal Touch . . . .

In this age of automation, the relationship between businesses and customers has been reduced to a very impersonal relationship. Names are reduced to numbers, and problems are handled by computers. Not so at MS&L. Here you are treated as an individual with unique problems and needs. To better serve you, we are reviving a long lost art . . . . THE PERSONAL TOUCH!!
